Search a Topic e.g. **S1.** , **S2.** etc. by clicking **Ctrl+f** after opening this PDF. Against this topic, click the link in column "Page Numbers printed on pages covered". On this opened page, see additional notes against page numbers printed on main book pages, and while studying that page, also read additional notes for that page. Search same topic again for opening other pages having additional notes on pages covered in that topic. Yellow highlighted ones are duplicates for which study the next given pages 1st. Some differences are there in notes in these duplicates.

Last Edited : 13 March 2015
